

3SEE

VDO360 All-in-one Collaboration device

Meet the 3SEE.

VDO360 presents the latest addition to the SEE family.

4K video, 90 degree FOV, far field audio, and speakers as well!

A single USB cable is all you need.

Camera, lens parameters	
Imaging sensor	1/3.2 inch CMOS
Effective pixels	Approx. 8 million
Video format	MJPEG, YuY2
Focal length	Pf=2.8mm
Minimum illumination	0.5 Lux
White balance	Auto
Focus Mode	Fixed
Image color	24 bit
Backlight compensation	Supports
Picture adjustment	Brightness, chroma, saturation, contrast, sharpness
Field of view (horizontal)	90°
Interface parameter	
Video interface	Type C
Video Compression Format	USB 3
Power interface	5 VDC
Mic parameter	
Array quantity	4
Arrangement	Linear
Sampling frequency	16KHz/48KHz
Sensitivity	-29dBfs
Far field pickup distance	0-8 meters
Horizontal angle	180°□
SNR	65.5 db
Mode	Full duplex
Speaker parameter	
Quantity	2
Power	2W x 2
Impedance	4Ω
Size	27mm *16.5mmH

3432 South River Terrace Edgewater, MD 99004
