

2SEE - 1080p HD USB Camera with Microphone

Enterprise grade camera with integrated 4 microphone array for exceptional audio pickup

The 2SEE HD USB camera is **ideal for classrooms/remote/home office users** who prefer not to wear a headset and need the freedom of walking around their workspace.

Optimized for laptop use, the 2SEE connects through USB 2.0 without having to load any drivers. It features a 4-microphone digital array with **Acoustic Echo Cancellation (AEC)** and **Automatic Noise Suppression (ANS)**, allowing a **voice pickup range of 24 feet** for roaming anywhere around a workspace.

Featuring an **OmniVision low-light imaging sensor** with 1080p HD resolution, a 2MP lens, and a 75° Field of View (FOV) users can look their best for any meeting. The **integrated mount** allows for mounting on both laptop screens as well as any monitor up to 1 1/8" thick. At just 6" wide and 2.5" deep it is **real-estate friendly and travels well**.

Resolutions from 640x480 up to 1920x1080 are supported making the **2SEE operational with every major video conferencing or Unified Communication (UC) platform**. Your work from home experience has never been this seamless – just plug in the 2SEE and get to work faster, with fewer hassles.
